TITLE	Racial/Ethnic Distribution of Public School Students and Staff. New York State 1983-84.
INSTITUTION	New York State Education Dept., Albany. Information Center on Education.
PUB DATE	84
NOTE	64p.; For an earlier edition, see ED 212 708.
PUB TYPE	Statistical Data (110)
EDRS PRICE	MF01/PC03 Plus Postage.
DESCRIPTORS	Black Students; *Elementary School Students; Elementary Secondary Education; *Ethnic Distribution; Hispanic Americans; Minority Group Children; *Public Schools; *Public School Teachers; Racial Composition; *Racial Distribution; School Districts; *Secondary School Students
IDENTIFIERS	*New York

ABSTRACT

This document contains racial/ethnic data on the school population of New York State for 1983-84. Table 1 presents the racial/ethnic distribution of public school students for the state's big five school districts (Buffalo, New York City, Rochester, Syracuse, and Yonders), for the rest of the state, and for the state as a whole. Table 2 details the distribution of Black and Hispanic students. Table 3 shows a percent distribution of public school students by racial/ethnic origin for the years 1979-80 through 1983-84. Table 4 shows the number of schools and the number and percentage of minority students (Black and Hispanic) in schools of differing racial composition; i.e. the percent of minority students in the school. Table 5 shows the number of schools and the number and percent of Black students in schools of differing racial composition. Table 6 presents data similar to that of table 5 but for Hispanic students. Tables 7 and 8 demonstrate the distribution of public school professional staff by racial/ethnic origin, both for the current year and as trend data for 1979-80 through 1983-84. Appendix A distributes public school students by racial/ethnic origin for each school district in the state. Appendix B distributes public school professional staff by racial/ethnic origin for each school district. (RDN)

INTRODUCTION

The collection of racial/ethnic data on the school population of New York State was initiated in 1961 with a census of public elementary schools. Since 1966 such information has been collected annually from all public elementary and secondary schools and is now a part of the Department's Basic Educational Data System.

Table 1 presents the 1983-84 racial/ethnic distribution of public school students for the State's "Big Five"[a] school districts (individually and combined), for the rest of the State and for the State as a whole. Examination of table 1 shows, in part, that (1) excluding the "Big Five" cities, 8.3 percent of the students enrolled in New York State's public elementary and secondary schools are classified in the two major minority groupings--black and Hispanic; (2) within New York City, 70.9 percent of the students are of a major minority group, and 23.7 percent are classified as white; (3) in four of the State's five largest cities, over 35 percent of the students are classified as black.

Table 2 details the 1983-84 distribution of black and Hispanic students by location in the State. It can be seen that of all public school black students in the State, 70.4 percent attend schools in New York City, while an additional 10.2 percent attend schools in the other four major cities. Some 86.5 percent of the State's Hispanic students attend schools in New York City.

Table 3 shows a percent distribution of public school students, by racial/ethnic origin, for the years 1979-80 through 1983-84. In the large cities of the State, the major minority group population of the public schools rose from 65.8 percent in 1979-80 to 68.6 percent in 1983-84. The increase was most pronounced in Yonkers where black and Hispanic representation in the public schools rose 8.0 percentage points over the five-year period.

Table 4 shows the number of schools and the number and percent of minority students (black and Hispanic) in schools of differing racial composition; i.e., the percent of minority students in the school. Examination of table 4 shows, in part, that (1) there are 302 schools in New York with no black or Hispanic students; (2) there are 70 schools in which all students are of a major minority group and that the enrollment in these schools accounts for 4.8 percent of the State's total black and Hispanic enrollment; (3) over three-quarters (77.2 percent) of the black and Hispanic students in New York State's public schools attend a school that can be classified as a minority school; i.e., 50 percent or more of the students are black or Hispanic.

Table 5 shows the number of schools and the number and percent of black students in schools of differing racial composition. Examination of table 5 shows, in part, that (1) there are 542 schools in New York State with no black students; (2) over half (53.4 percent) of the black students in New York State's public schools attend a school that is predominately black; i.e., 50 percent or more of the students are black.

---

[a]/Buffalo, New York City, Rochester, Syracuse, Yonkers

Table 6 presents data similar to that of table 5 for Hispanic students. It may be seen that while there are no "all Hispanic" schools in the State, 48.3 percent of the Hispanic students attend schools with enrollments that are predominately (50 percent or more) Hispanic.

Tables 7 and 8 show the distribution of public school professional staff by racial/ethnic origin, with current year data presented in table 7 and trend data for the years 1979-80 through 1983-84 appearing in table 8. Table 8 shows that the percent of minority group staff rose from 16.4 to 21.0 percent in the large cities of the State between 1979-80 and 1983-84. For the total State, minority groups comprised 9.7 percent of public school professional staff in 1983-84.

Appendix A distributes public school students by racial/ethnic origin for each school district in the State. Appendix B distributes public school professional staff by racial/ethnic origin for each school district in the State.
